Abstract: The foundation of the world lies in the country, and the foundation of the country lies in the home. Family tradition, especially the family tradition of leading cadres, is closely related to the work style of the party, government and people. These important expositions not only inherit and carry forward China's excellent traditional culture and family tradition, but also endow the era with new connotations. Our party goes beyond family education to create a sense of normalcy, improve the efficiency of hundreds of millions of families, strengthen the realization of the rejuvenation of the Chinese nation, and support the work style of clean families, political parties, clean governments, and clean people.

Keywords: Family Tradition; Family Precepts; Inheritance; Building a New Community.

1. Research Location

Jianxin Community is affiliated to Jiefang Street, Longzihu District, Bengbu City. It is located in the middle of Jiefang 2nd Road, bordering Zhihuai Road in the north, Fengyang Road in the south, Jiefang 3rd Road in the east, and Jiefang 2nd Road in the west, covering an area of 0.75 square kilometers. The total number of households is more than 4,500, with more than 13,000 residents.

2. Formation Logic and Connotation Innovation of Family Style Construction in the New Era

The construction of the family atmosphere in the new era has absorbed the essence of Chinese excellent traditional culture and inherited the Marxist red family atmosphere of the previous revolution. Use family style and social mode, use family style and social mode.

2.1. Inherit the Excellent Traditional Chinese Family Culture

Family tradition is the foundation of China's excellent traditional culture and the treasure house of wisdom left by our ancestors. It must be fully utilized, inherited and continued. China's outstanding traditional family culture regards "self-cultivation, family planning, state governance and world peace" as the basic concepts of Confucianism. This is reflected in traditional Chinese virtues such as piety, modesty, honesty and thrift. The construction of family style in the new era is rooted in the rich soil of Chinese excellent traditional culture, fully absorbs the ideological and moral diet of the Chinese nation, and continues to inherit and develop.

2.2. Fully Carry Forward the Red Family Tradition of the Revolutionary Predecessors

The red family tradition of the pre-revolutionary generation is a combination of family civilization, traditional customs, codes of conduct and lifestyles, forming the old revolutionary proletariat during the long period of revolution, construction and reform. The Communist Party of China is the core embodiment of the people's spirit, morality, value orientation, family life and work style, and the value of spiritual wealth. In the new era, we have created a family model that continues the red family model of the previous revolution. On this basis, we strive to set a good example of the party and the government in the whole society, so as to correct the social model.

2.3. Cultivate a Clean and Honest Party Style and Political Style with A Good Family Style

Family patterns refer not only to families, but also to the political behavior patterns of political parties. When constructing the family model of the new era, "family management" is considered to be the cornerstone of "national management". Its important content is to govern the country by virtue and govern the country by virtue. The family style is clean and the government style is upright. In particular, party loyalty in family building is a great innovation, and family building in the new era has reached an unprecedented new level. The construction of the style of leading cadres should be placed in an important position, take the lead in building a good family style in the new era, and promote the construction of a clean and honest government.

2.4. Promote the Institutionalization of the Rule of Law in the Establishment of the Family Model in the New Era

Corruption of party members and cadres is not only a moral issue, but also a political and disciplinary issue. The main goal of creating a family atmosphere in the new era is to guide cadres, relatives, children, surrounding employees, and relevant content in some laws and regulations within the party. Laws and regulations also focus on integrating family behavior and family behavior in the form of systems and laws that promote family behavior education into society.

3. Inheritance of Fine Family Tradition

Good family habits are not formed overnight. It must be passed on from generation to generation. A great way to pass on family traditions is to pass on spiritual values and beliefs.

"Relativity" is the main thread of traditional Chinese social structure. Both grandparents and grandparents respect Abada

"Family is the most important means of establishing spiritual values and beliefs. Grandparent rituals and activities are also signs of the inheritance of family customs. Therefore, ancestors serve as a cultural symbol that enables family members to gain cultural identity. As A spiritual incentive that constantly encourages family members to achieve happiness and achievement." Zheng Zhiyun said: "After hunting, we should be cautious and virtuous." This belief comes from a good family, which provides the value of an excellent system.

A good family tradition must be passed on, the mission statement of the main family members and the joint efforts of family members. A good family tradition is the accumulation of the long history of the Chinese nation, the consolidation of the excellent traditional Chinese culture, and the crystallization of the spiritual ambitions of traditional writers. Inheriting a good family tradition is a manifestation of the long history of Chinese civilization and another way to inherit and promote Chinese civilization.

4. Continue to Excavate and Carry Forward the Era Value of Family Tradition Construction in the New Era

4.1. "A Family is the Smallest Country, and a Country is Thousands of Families"

Building a family atmosphere in the new era is an important starting point for promoting moral cultivation and comprehensive education, an important support for promoting the construction of the socialist core value system, an important measure for improving the national governance system, and has important era value.

4.2. The Construction of Family Tradition Sublimates the Connotation of Personal Development

General Secretary Xi Jinping pointed out: "Family education involves many aspects, but the most important thing is moral education, which is the education of how to be a person." The construction of family style in the new era puts personal development in a three-dimensional structure, which has both the internal level of moral personality foundation Perfection, combined with the development of family and country, and the integration of historical and traditional values, endow the personal development of socialist citizens in the new era with new connotations of the times.

4.3. The Construction of Family Traditions Preserves the Good Atmosphere of the Society

General Secretary Xi Jinping put forward: "We focus on promoting the morality of the people and society with the excellent party style, give full play to the role of outstanding party members, cadres, and moral models, and regard the construction of family style as an important content of the style of leading cadres, promote the truth, goodness and beauty, restrain falsehood, evil and ugliness, and create The social atmosphere of advocating morality and seeking goodness, and empathizing with virtuous people has promoted a significant improvement in the social atmosphere." Family tradition is an important part of social atmosphere, and establishing a good family tradition will help create a strong atmosphere of respecting morality and seeking kindness in the whole society. A good family tradition supports a good social atmosphere.

4.4. The Construction of Family Tradition Consolidates the Foundation of the Country's Rule of Virtue

This opens up something new for home-style builds. Family style has expanded from personal "morality" to public "morality" in the construction of the party and government, realizing the connection with the socialist core values. The good family behavior of party members and leaders can unite the heart and spirit of the party, shape good party behavior, and promote the integration of the current "rule of virtue" into the construction of a socialist constitutional country with Chinese characteristics.

5. Path Selection for Family Style Construction in the New Era

In the new era, we must establish a family model, attach great importance to the cultivation of destiny and personal morality, emphasize the self-improvement of leading cadres of the party, and emphasize the importance of "the government of the country" in administrative management, reflecting the development from the individual to the family and from the society. to the entire system of the country.

5.1. The "Root" of Family Tradition Construction is Rooted in the Individual, Pay Attention to Precepts and Deeds, and Practice

The ancients believed that the cultivation of destiny is the foundation of the world. The older generation of Chinese revolutionaries in the professional revolution "self-discipline cultivates destiny". Party members and cadres must start from themselves and deeply understand, "Only with integrity, children can lead by example", as well as the need to work at home, entertain less, and eat more. "On the one hand, it's about rolling, practicing grace, owning things, training the body and sharpening the mind," encouraging and setting a good example and building a good family model.

5.2. The "Dryness" of Family Tradition Construction Starts in the Family, and Builds a Family Line of Defense Against Corruption and Change

The quality of family education and the quality of parents directly determine what type of people can receive education. The educational function of the family plays an indispensable role in cultivating qualified citizens. Excellent, clean and honest management cadres are a prerequisite for good behavior. Party members and cadres should strengthen restraint, educate and manage spouses and relatives, work together to build a family line of defense, work together to eliminate corruption, and achieve family integrity. Through the establishment of a good family model, cultivate cadres' clean and honest political behavior.

5.3. The "Flower" of Family Tradition Construction Blooms in the Society and Guides the Social Atmosphere to be Good

The good behavior of thousands of households is the source of shaping the public atmosphere of a civilized society. The noble morality and civilized behavior formed under the influence of a good family will have a radiation effect on social media, and play a positive role in the leadership of other members of the society, promoting the good development of the entire social atmosphere. Cultivate good habits in the family, educate family members to become qualified socialist citizens, integrate individual contributions to the family into society, form patriotism, love, and progressivism, and make socialist families share the new fashion civilization, encouraging everyone Family members, contributing to a new era, opening new horizons deep within.

5.4. The "Fruit" of Family Tradition Construction is in the Country and the Nation, and Serves the Development of the Country and the Nation

The basic idea of building a family model in the new era is in line with the core and main mission of the Communist Party of China, which is to "pursue people's happiness and national rejuvenation", which is also the meaning of the "Chinese Dream". Men and families are like stars. However, they are leading the historical process of embracing and fighting for the development of the country. They can infiltrate, blend into the flood, blend into the galaxy, and finally realize their own value and social value while realizing their own value.
